Ancient philosophy has from the outset inspired phenomenological philosophers in a special way. Phenomenological Interpretations of Ancient Philosophy offers fresh perspectives on the way ancient Greek thought has influenced phenomenology and traces the history of this reception. Unlike various related treatments, the present volume offers a broad account of this topic and includes chapters on Edmund Husserl, Martin Heidegger, Hans-Georg Gadamer. Jacob Klein, Hannah Arendt. Eugen Fink. Jan Patocka, Emmanuel

This collection of essays, edited by Kristian Larsen and Pâl Rykkja Gilbert, is addressed to students of ancient philosophy and the phenomenological tradition as well as to readers who have a general interest in the fascinating, yet complex, connection between ancient Greek thought and phenomenological philosophy.

Contributions by: Jussi Backman, Pâl Rykkja Gilbert, Burt Hopkins, Filip Karffk, Alexander Kozin, Kristian Larsen, Arnaud Macé, Claudio Majolino, Hans Ruin, Thomas Schwarz Wentzer, Vigdis Songe-Moller, Tanja Staehler, Morten S. Thaning,

Kristian Larsen, Ph.D. (2011), University of Copenhagen, is Associate Professor of Philosophy at NTNU, Norway. He has written numerous publications on Plato, including "What are Collections and Divisions Good For? A Reconsideration of Plato's *Phaedrus*" (*Ancient Philosophy*, 2020) and published on Heidegger.

Pal Rykkja Gilbert is a Ph.D. candidate at NTNU. He has published articles on Plato, Aristotle, and Heidegger.
